Call for Nominations for the
2007 FLORIDA AWARD
of the Florida Section of the American Chemical Society

**Purpose:** To recognize leadership and contributions toward the advancement of the profession of chemistry.

**Establishment and Support:** The award was established in 1952 by vote of the Florida Section of the American Chemical Society and has been given each year since then at the annual scientific meeting of the Florida Sections.

**Nature:** The award consists of a plaque and $500, plus travel expenses for the purpose of attending the meeting to receive the award and to give an address. The Florida Section of the American Chemical Society will also provide up to $500 in support of the symposium centered around the award recipient's research interests. This specially organized symposium will be part of the Florida Annual Meeting and Exposition which is held in May each year unless the spring national ACS meeting is held in Orlando.

**Rules of Eligibility:** A nominee must be a resident of the Southeastern United States and must have made outstanding contributions to teaching, research, publications or service in advancing the profession. The award recipient gives an address at the Annual Meeting.

To submit a nomination, the nominator should obtain the consent of the nominee, complete the attached forms outlining the nominee's qualifications and contributions to the profession which would be recognized by the Florida Award, and arrange to have two seconding letters of support for the nomination. All should be forwarded to:

Dr. Edwin F. Hilinski  
Chair, 2007 Florida Award Committee  
Department of Chemistry and Biochemistry  
Florida State University  
Tallahassee, FL  32306-4390

**Nomination forms and seconding letters must be received by Monday, September 25, 2006 for the nominee to be eligible for consideration.** For a nominee from the preceding year to be reconsidered this year for review and balloting requires the submission only of a cover letter from the nominator expressing the desire to renominate the person plus the submission of a recent photograph of the nominee; updating information may be provided if the nominator desires.

**Note:** The 2007 Florida Annual Meeting and Exposition (FAME 2007) will be held in May, 2007 most likely in Orlando. The award recipient is expected to give an address at the meeting during a special symposium centered around the recipient's research interests and to be present at the Awards Banquet that evening to receive the Award. Nominators should confirm that the nominee can be present to participate in the meeting program and to receive the Award.
RECIPIENTS OF THE FLORIDA AWARD

1952 - Paul Gross, Duke University
1954 - C. B. Pollard, University of Florida
1956 - George K. Davis, University of Florida
1958 - Karl Dittmer, Florida State University
1960 - H. H. Sisler, University of Florida
1962 - Jack Hine, Georgia Institute of Technology
1964 - C. T. Bahner, Carson-Newman College
1966 - Paul Tarrant, University of Florida
1968 - Earl Frieden, Florida State University
1970 - S. P. McGlynn, Louisiana State University
1972 - James V. Quagliano, Florida State University
1974 - Sidney Fox, University of Miami
1976 - William Jones, University of Florida
1978 - Harry Wallborsky, Florida State University
1980 - Raymond Sheline, Florida State University
1982 - James D. Winefordner, University of Florida
1984 - Leo Mandelkern, Florida State University
1986 - Harry P. Schultz, University of Miami
1988 - Edward K. Mellon, Florida State University
1990 - R. Bruce King, University of Georgia
1992 - Charles E. Carraher, Florida Atlantic University
1994 - Albert Padwa, Emory University
1996 - Luis Echegoyen, University of Miami
1998 - Jack Saltiel, Florida State University
2000 - Rodney J. Bartlett, University of Florida
2002 - Alan G. Marshall, Florida State University
2004 - John G. Dorsey, Florida State University
2006 – Roger M. Leblanc, University of Miami
1953 - A. E. Wood, University of Mississippi
1955 - H. E. Skipper, Southern Research Institute
1957 - C. R. Hauser, Duke University
1959 - J. E. Hawkins, University of Florida
1961 - Michael Kasha, Florida State University
1963 - George Butler, University of Florida
1965 - Werner Herz, Florida State University
1967 - O. K. Rice, University of North Carolina
1969 - John Baxter, University of Florida
1971 - Ray Lawrence, USDA Naval Stores Laboratory
1973 - Gregory Choppin, Florida State University
1975 - Dean F. Martin, University of South Florida
1977 - Cecil Criss, University of Miami
1979 - Mary Good, Louisiana State University
1981 - Wallace Brey, University of Florida
1983 - Theodore A. Ashford, University of South Florida
1985 - Brian Stevens, University of South Florida
1987 - DeLos F. DeTar, Florida State University
1989 - William R. Dolbier, University of Florida
1991 - George R. Newkome, University of South Florida
1993 - Norman L. Allinger, University of Georgia
1995 - Alan R. Katritzky, University of Florida
1997 - N. Yngve Öhrn, University of Florida
1999 - Mostafa A. El-Sayed, Georgia Institute of Technology
2001 - Thomas J. Vickers, Florida State University
2003 - Kenneth B. Wagener, University of Florida
2005 - Charles R. Martin, University of Florida
Nomination Form for the
Florida Award of the Florida Section of the American Chemical Society

Please read the accompanying description of the Florida Award, determine that the eligibility requirements for the nominee are met, and obtain consent from the nominee to make the nomination. Then complete the Form below or create a facsimile Form if desired.

1. Name of Nominee:

2. Present professional affiliation: (Give full address) Since: 19____

   Present Title: Since: 19____

   Business Phone: ( ) Home Phone: ( )

3. Previous professional affiliations, job titles, major consultantships, other work experience or training, etc.: (List in reverse chronological order with approximate dates).

4. Education (postsecondary):
Florida Award Nomination Form (page 2 of 6)

5. Brief Biographical Sketch of the Nominee (birthplace, birth date, and such other information that might be useful in preparing an award citation. Include a statement of major research or professional interests, listing any past awards, fellowships, etc.):

6. Contributions of the Nominee to the Profession in the Areas of Research, Teaching, Service or other areas:

   a) Research Contribution: (Complete the table below of numerical totals for all publications to date)

   Totals: Reviewed journal articles _______
          Books _______
          Chapters in Books _______
          Patents _______
          (Other) _______
6. Contributions of the Nominee to the Profession (cont'd.)
   a) Research Contribution (cont'd) List titles, authors and literature references for not more than ten 10 recent publications (research papers, reviews, books, patents, etc.). Attach a copy of two of the articles listed that the nominee considers representative of recent work or work emphasized in this nomination.
6. Contributions of the Nominee to the Profession (cont'd.)

   b) Teaching or Administrative (List major teaching or administrative effort of the nominee. State numbers of Master's and Ph. D. and postdoctoral students supervised or number of employees, or programs nominee was responsible for administering related to chemical research or training. If teaching mainly undergraduates or secondary school students, list numbers of students and courses. List any teaching innovations if this figures significantly in the nomination of the individual. Attach additional sheets as necessary.)

c) Service (List any capacities the nominee has served in the American Chemical Society at the local section, regional or national level, or in other professional societies. Give dates of service. Attach additional sheets as necessary.)
7. Nominator's Statement: (Either in the cover letter for transmittal of this form or in the space below, the nominator should outline the nominee's most significant professional accomplishments, their benefit to the profession and indicate why this individual should be considered for the FLORIDA AWARD. The award is made on the basis of a person's "distinction in service to the profession of chemistry, and to ACS". Attach additional pages as necessary.)
Florida Award Nomination Form (page 6 of 6)

7. Nominator's Statement: (cont'd.)

8. Nomination prepared by:
   Address:

   Business Phone: (          )       -       Date:
   Home Phone:     (          )       -
   FAX:           (          )       -       E-Mail:

   Names, Addresses, and Phone Numbers of two persons who will submit seconding letters for the nominee:

   1.                        2.

9. Please attach to the back of this application a recent photograph of the nominee which could be used for publicity purposes should the nominee be selected for this year's award.

(End of form)
