

THE DEPARTMENT OF
CHEMISTRY & BIOCHEMISTRY
FLORIDA STATE UNIVERSITY

Data Defense Form

The purpose of the data defense is to demonstrate to the PhD committee that the PhD candidate has collected sufficient data of sufficient quality to assemble the dissertation. The data defense is a “pre-defense” of the Ph.D. thesis and will consist of a written and oral component. It will be presented at least three months prior to the defense, but not later than the first term of the 5th year in the program.
